## A Cost Comparison

A popular online business buyer's guide estimated the costs for an entry-level paper conversion system (a server, a scanner and software with all the basic indexing, searching, and security features):

A "very small setup"	\$ 5,000
<b>10 users</b>	<b>\$10,000 minimum</b>
Medium-sized installation with Web access, auditing, workflow features, and support for 100 users	\$40,000 to \$100,000

## Compare to FileWorks Online

10 Users; 1 GB storage; Web access to files; indexing, searching and security features; unlimited Guests

\$ 29.99 = 1 Account Owner  
\$ 134.91 = 9 Users

**\$164.90 per month**  
no server needed; fax line optional;  
scanner optional (not included)
